Name on Child _____ Class _____

Parental Consent for Internet Access

As you will know, we have recently upgraded hardware to allow pupils more access to ICT within the curriculum. As part of this project, your child will be allowed access to the internet. School will take all reasonable precautions to ensure pupils can not access inappropriate materials. The school system will continue to be filtered to control overall school access, however, parental consent is required for access by all pupils, on the understanding that the school can not be held responsible for the nature or content of materials accessed through the internet. The school is not liable for any damages arising from use of the Internet Facilities.

Parents are assured that Internet access is monitored and learning about Internet Safety is made a key priority in all classes.

Please sign and return this sheet to confirm that you have read and are in support of Responsible Internet Use.
