

Hi,

Just a quick note to let you all know about what will happen on Fridays.

I have my PPA on a Friday morning so instead of Phonics sessions online on Fridays, there will be a piece of Phonics work uploaded for each group to complete. This will allow pupils to practice the sounds/spelling rule they have learnt that week. The Friday online session will be a story session for the whole class at 1pm.

Please upload pictures of work your child has completed to the Maths/English chat so I can see their progress. We also have a box available at school where you can drop completed work on a weekly basis.

If you have requested a work pack, they will be available to collect from Monday morning for that week.

I have also set aside time slots between 2pm – 3pm on a Thursday afternoon for any parents who have a question or feel that their child may need a little extra support or just to touch base. I thought this might make communication a little easier as I am teaching in class during the day when not online teaching. If you would like a Thursday slot for a chat on Teams, please email me and let me know so I can set up the meeting.

Also, please don't worry if your child doesn't spell every word correctly during phonics sessions, this is usual and we always talk about choosing the correct sounds for different words as part of the lesson. 😊

Thanks so much and I'm so grateful to everyone for working so hard to ensure their children can access their Phonics lessons daily!

Mrs Urwin
